Activities that Both Occupations Have in Common		Similarity of Focus Occupation to Associated Occupation: 93
Focus Occupation: Health Specialties Teachers, Postsecondary (25-1071) Associated Occupation: Medical Scientists, Except Epidemiologists (19-1042)		

Work Activities	Exclusivity of Activity
Advise governmental or industrial personnel	28
Analyze medical data	57
Communicate technical information	4
Convert information into instructional program	38
Direct and coordinate scientific research or investigative studies	27
Make presentations on health or medical issues	50
Present research papers or dissertations on health science issues	95
Research health improvement issues	89
Research human or animal disease	77
Teach health personnel	92
Teach principles of medicine or laboratory procedures	95
Understand pharmaceutical formulas	89
Use health or sanitation standards	62
Use knowledge of medical terminology	40
Use library or online Internet research techniques	21
Use medical diagnostic techniques	71
Use oral or written communication techniques	1
Use research methodology procedures in health care	63
Use sanitation practices in health care settings	48
Write research or project grant proposals	33
Write technical health or medical documents	73

Not all positions in these occupations will necessarily perform all of the listed activities. The exclusivity rating is an indication of how unique the activity is amongst all occupations. The maximum rating is 100. High scores indicate that only a small number of occupations engage in that activity.
